"Letter of Recommendation"

This is to recommend Shirley Polk.

Shirley Polk is an outstanding, dedicated and hard working caregiver. She has the perfect temperament for caring for people. Shirley listens, asks questions and is attentive to the needs of the patient and family.

Ms. Polk cared for my husband during a lengthy illness. Her professionalism and great heart for people was present every day. While having to care for a loved one with a terminal illness is extremely difficult, many honest, loving supportive people like Ms. Polk gave me strength & hope during the journey.

I highly recommend Ms. Shirley Polk for any position she applies for.
