SHARE THE CARE NEWSLETTER

NOVEMBER-DECEMBER 2008

November we honor National Family Caregivers Month across our Nation.

Share the Care Network www.sharethecarenetwork.com recognizes and celebrates the many individuals throughout our country who work each day to ensure a better quality of life for their family members. Through their selfless action, these family caregivers provide their loved ones support and comfort as they age, combat illness, or suffer from disability.

National Family Caregivers Month is an opportunity to recognize those who serve a cause greater than self and contribute to the well being of their loved ones. Family caregivers are soldiers in America's armies of compassion and set an inspiring example for their fellow citizens.

We at **Share the Care Network** believe in the sanctity of life at all stages. Through tireless efforts and inspiring deeds, many American family members care for loved ones in need. By acting as in-home care providers, people across our Nation are helping to ensure that their family members are provided with love, comfort, and security.

In honor of National Family Caregivers Month, **Share the Care Network** will discount its services for the month of December 2008 to family caregivers in need of respite care. We know the holiday season can be overwhelming and a little *"break"* to get away to do holiday errands can mean a lot. **Share the Care Network** can provide you a caregiver to

help with your love one. Please call us to schedule an appointment.
